SOLID WOOD SEATING

CARLO

The stylish, modern **Carlo** chair is unbeatable in its exceptional value. This stacking chair is built to withstand constant use, which makes it suited for many high traffic areas such as schools, conference rooms and restaurants. Custom finishes add dimension to this piece, and can easily make this the focal point of any room.

PRODUCT FEATURES

- 1** Strong, beautiful European beechwood frame
- 2** Sculpted wood backs and seats for comfort
- 3** Standard stain finishes available, also in two-tone combinations
- 4** Dowel joint construction with metal hardware
- 5** Stacking chair
- 6** Generous clean out between back and seat

STANDARD WOOD STAIN OPTIONS

A wide range of standard stain colors are available as well as custom color matching. (A surcharge will apply to custom colors)

*Matches MityLite buffet & dining table tops

SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Fixed	n/a	European Beech Hardwood	Grades 1-4+, TB133, COM	.36 yard	Nylon

Carlo Chair Also Available with Upholstered Seat

FRAME

100% solid European beech is a strong, bendable, and renewable hardwood. This attractive, light-colored wood accepts stain well.

FRAME CONSTRUCTION

The chair is reinforced with dowel construction and metal hardware.

BACK

The curve and pitch in the back provide comfort and a modern look.

FRAME FINISH

The stain is hand wiped into the grain to ensure even color and maximum penetration into the wood. Two coats of catalyzed finish are sprayed over the stain with a sanding between. This catalyzed finish is very durable and resists cracking and chipping.

SEAT

Available in upholstered or solid wood. The wood seats are sculpted at the factory to ensure a comfortable sitting position.

GLIDES

7/8" Nylon glide. Other available options are small metal, standard metal, metal with nylon cap, and felt.

CUSTOM ETCHING

Add elegance with your company or establishment name/logo, or practicality with numbering/sequencing. Contact your closest dealer to arrange and create a custom design to suit any occasion.

INTERLOCKING GANGING

This feature is meant to interlock our chairs to create a smooth, continuous look. This allows you to secure multiple chairs together in rows for a straight line every time.

C.O.M. UPHOLSTERY

Fabric amount is estimated using 54" (137cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request with model, quantity and fabric details. Customer is responsible for any additional customs/duties fees for fabrics shipping across borders.
