SPECIFICATIONS

| BACK STYLE | ARM OPTION | FINISH | FABRICS | FABRIC YARDAGE | STANDARD GLIDE |
|------------|------------|-------------------------|-------------------------|----------------|----------------|
| Fixed | n/a | European Beech Hardwood | Grades 1-4+, TB133, COM | .35 | Nylon |

Also Available With Upholstered Cushion Seat

FRAME

100% solid European beech is a strong, bendable, and renewable hardwood. This attractive, light-colored wood accepts stain well.

FRAME CONSTRUCTION

Joints: Mortise and tenon and glued with high solids water-based glue. All joints are reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

BACK

The curved back hugs the body to provide comfort and a versatile look.

FRAME FINISH

The stain is hand wiped into the grain to ensure even color and maximum penetration into the wood. Two coats of catalyzed finish are sprayed over the stain with a sanding between. This catalyzed finish is very durable and resists cracking and chipping.

SEAT

Available in upholstered or solid wood. The wood seats are sculpted at the factory to ensure a comfortable sitting position. Standard barstool seat height is 30". Seat heights available ranging from 24" (61 cm) to 30" (76 cm).

GLIDES

7/8" Nylon glide. Other available options are small metal, standard metal, metal with nylon cap, and felt.

BARSTOOL KICKPLATE

Standard barstool kick plates are brass. Chrome or black kick plates are available upon request for no additional cost. These kick plates offer style while providing protection and durability.

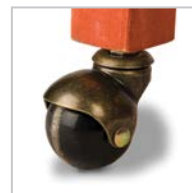

IN-LINE WHEELS

Our In-Line wheels are available in white or brown, and the housing is cut directly into the front legs of your chair. Professionally secured in our factory, the In-Line option is more subtle than the casters, while still allowing for easy movement.

CUSTOM ETCHING

Add elegance with your company or establishment name/logo, or practicality with numbering/sequencing. Contact your closest dealer to arrange and create a custom design to suit any occasion.

CASTER

The caster has a full 360° rotation, with a 2" globe wheel complete with an antique brass hood. This hood is designed to not only be beautiful but to act as a guard as well. We recommend that the casters are fixed to front legs only to provide stability for your clients. Casters are professionally installed to ensure there is zero compromise to the integrity of our chairs. Available on chairs only.

DIMENSIONS

| | CHAIR | BARSTOOL |
|----------------|-----------|-----------|

C.O.M. UPHOLSTERY

Fabric amount is estimated using 54" (137cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request with model, quantity and fabric details. Customer is responsible for any additional customs/duties fees for fabrics shipping across the border.

STANDARDS

All upholstery and foam meet or exceed California Bulletin 117. Optional California TB 133 compliance is available if required.

WARRANTY

MITY Inc. warrants its Denver series frames to be free from defects in materials and workmanship under normal use, service, and handling for a period of ten (10) Years. Customer's Own Material is not warranted by MITY Inc. Upholstery is NOT warranted for outdoor use unless explicitly stated by Upholstery supplier.
