*Matches MityLite buffet & dining table tops

10 YEAR LIMITED WARRANTY

REMY ACCENT

DURABLE WOOD SEATING

BACK

The back is webbed with burlap-covered high density foam. Available in high or low back heights.

FRAME

100% solid European beech is a strong, bendable, and renewable hardwood. This attractive, light-colored wood accepts stain well.

FRAME CONSTRUCTION

Joints: Mortise and tenon, glued with high-solids water-based glue. All joints are reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

FRAME FINISH

The stain is hand wiped into the grain to ensure even color and maximum penetration into the wood. Two coats of catalyzed finish are sprayed over the stain with a sanding in between. This catalyzed finish is very durable and resists cracking and chipping.

SEAT

High density polyurethane foam with mesh webbing for added comfort. Accent arm high back uses sprung seat. Standard barstool seat height is 30". Seat heights available ranging from 24" (61 cm) to 30" (76 cm).

GLIDES

7/8" Nylon glide. Other available options are small metal, standard metal, metal with nylon cap, and felt.

BARSTOOL KICKPLATE

Standard barstool kick plates are brass. Chrome or black kick plates are available upon request for no additional cost. These kick plates offer style while providing protection and durability.

OPTIONAL IN-LINE WHEELS

Our In-Line wheels are available in white or brown, and the housing is cut directly into the front legs of your chair. Professionally secured in our factory, the In-Line option is more subtle than the casters, while still allowing for easy movement. Available on side and arm chairs only.

C.O.M. UPHOLSTERY

Fabric amount is estimated using 54" (137cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request with model, quantity and fabric details. Customer is responsible for any additional customs/duties fees for fabrics shipping across the border.

HOODED BALL CASTER

The caster has a full 360° rotation, with a 2" sphere wheel complete with an antique brass hood. This hood is designed to not only be beautiful but to act as a guard as well. We recommend that the casters are fixed to front legs only to provide stability for your clients. Casters are professionally installed to ensure there is zero compromise to the integrity of our chairs. Available on arm chair only.
