

MITYLITE[®]

SWIFTSET[®]
STACKING CHAIR

MityLite's **SwiftSet® Stacking Chair** is made of easy-to-clean polypropylene and strong oval steel tubing so they can withstand years of commercial use. SwiftSet® Stacking Chairs also solve labor and storage problems with quick and easy set-ups because of their lightweight frame and dense stacking (up to 25 chairs high for storage).

PRODUCT FEATURES

- 1** Supports more than 1,000 lbs (454 kg)
- 2** Lightweight steel frame
- 3** Durable powder coat finish
- 4** Contoured Backrest provides ample support
- 5** Scratch- and stain-resistant polypropylene seat and backrest
- 6** Non-marring glides

FINISH OPTIONS (See mitylite.com for standard and custom upholstery options)

FRAME, SEAT, AND BACKREST OPTIONS

ADDITIONAL FRAME FINISHES

FRAME

SwiftSet® Stacking Chair leg frame is made of 1-inch x 0.63-inch (2.5 cm x 1.6 cm) 14 gauge oval steel tube. The backrest frame is made of 1-inch x 0.625-inch (2.5 cm x 1.6 cm) 16 gauge oval steel tube.

FRAME FINISH

Steel finish is electrostatically applied, heat cured and powder coated for increased durability.

BACKREST

Back is injection molded using toughened polypropylene, which is molded in a variety of colors. Six steel blind rivets are used for attaching the the back to the back frame.

SEAT

Seat is injection molded using toughened polypropylene, which is molded in a variety of colors and designed to maximize comfort. Four steel blind rivets are used for attaching the seat to the base.

STACKING

The shape and construction of the chair provides stable, positive indexing when stacked. Stacking density is 34.5-inch (87.6 cm) for the first chair and 2.5-inch (6 cm) for each chair thereafter. Maximum stack height is 25 chairs. Forward progression of each chair stacked is 3/16-inch (5mm).

BASE

Chair base secures the seat and is injection molded using fiber-reinforced polypropylene for additional support.

FEET

Feet are injection molded with a non-marring formula to prevent streaking or scratching on floor surfaces. Combined foot-to-floor contact is no less than 3.4 square inches (22 square cm).

DIMENSIONS

CHAIR WIDTH	SEAT DEPTH	CHAIR HEIGHT	SEAT HEIGHT	STACK HEIGHT
18 in (46 cm)	15.75 in (40 cm)	34.5 in (88 cm)	18.5 in (47 cm)	25 Chairs
