SOLID WOOD SEATING
MILAN

The **Milan** folding chair is a great model for areas that require a quick set up and easy storage when not in use. A finely upholstered seat and back ensure comfort, and the optional wall mount is available for storage in tight spaces.

PRODUCT FEATURES

- 1 Strong, beautiful European Beech hardwood frame
- 2 Form-fitting curved back provides support
- 3 Standard and custom stain options are available
- 4 Plush 2.5-lbs foam seat and 1.8-lbs foam back provide long-term comfort
- 5 Strong mortise and tenon joints
- 6 Generous gap between the back and seat offers easy clean
- 7 Lightweight, space saving design
- 8 Hand-finished stain with 2-pass catalyzed finish will prevent chipping & scratching

Optional wall mount unit for convenient storage

STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

*Matches MityLite buffet & dining table tops

FABRIC OPTIONS

Due to the sewing and style of the chair, upholstery options are restricted to solids and non-matched patterns. Striped fabrics and fabrics that need specific alignment are not recommended. See holsag.com/fabrics for selections.

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue to strengthen.

BACK

The form-fitting, curved back is constructed of wood on the outside and upholstery on the inside. The upholstery is replaceable in the field after purchase.

INTEGRATED PUSH-OFF POINT

The leg designed provides a push-off point for assisting guests and visitors when standing up out of the chair.

SEAT

The waterfall front provides comfort and the seat is replaceable in the field after purchase.

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details.

Customers are responsible for any additional customs/duty fees for fabrics shipping across the border.

WALL MOUNT

Constructed from 11-gauge mild steel, the Milan Wall Mount easily attaches inside closets, on the back of doors, and anywhere needed to offer convenient storage for a single Milan folding chair.
