

MITYLITE[®]

MULTI-PURPOSE
Partitions

Partitions

Manufactured to help employees and customers feel safe without disrupting business transactions, these partitions help prevent direct physical and airborne contact. The products can be used to improve social distancing by protecting employees from public interactions, creating a safety barrier between tables in a dining room, and many other practical applications. Partitions with polycarbonate panels are easy to clean with wipes, bleach, and common disinfectants.

Fabric panel options are available.
