

Magnattach®

Versus the Competition

See why the Magnattach® Portable Dance Floor is the best on the market

Magnattach

Leading Competitor

Why It Matters

Assembly	Assemble & disassemble in 7 minutes or less	Assembly can take 90+ minutes	Save up to 90% in time & labor costs
Safety	Patented triple-lock system keeps panels in place with no moving parts	Tongue & groove panels are secured by 1/4-in set screws (<i>screws can get lost in the carpet requiring replacement & causing safety hazards</i>)	No moving parts means nothing will break & separate, reducing the risk for trip hazards
Portability	4 x 4 (16 sq-ft) panels weigh 42 lbs & fit 26 panels per cart (<i>416 sq ft</i>)	3 x 3 (9 sq-ft) panels weigh 40 lbs & fit 25 panels per cart (<i>225 sq ft</i>)	Magnattach is 42% lighter per sq ft & stores 85% more sq ft of flooring per cart
Storage	Loaded cart footprint is 12.5 sq ft & holds 416 sq ft of flooring	Loaded cart footprint is 11.5 sq ft and holds 225 sq ft of flooring	Magnattach stores 85% more sq ft of flooring in nearly the same cart footprint
Surface	Scratch- resistant “high-wear” Wilsonart® laminate	Wood parquet panels scratch, puncture, & require costly maintenance over time	Magnattach maintains a smooth, attractive surface after years of use & never needs refinishing
Edging	Welded corner edge ramps add extra security to the floor	Edge ramps have seams at each corner, often with gaps that create trip hazards	Once the edging snaps into place, it creates a perimeter lock around the floor eliminating panel separation & improving safety
Materials	Composite laminate top & bottom on aluminum panels with a structural foam core	Wood or fiberglass panels with a laminate surface & hardboard core	Magnattach features balanced panels that are more stable to prevent warping
Customization	16 finish options 3 edge ramp options	2 finish options 3 trim options	Magnattach offers more customization to match the look of your venue
Warranty	5 years	3 years	Magnattach comes with peace of mind & a longer warranty
